**NOTICE OF INTENT TO ADOPT
MITIGATED NEGATIVE DECLARATION**

This form is provided as a notification of an intent to adopt a Mitigated Negative Declaration which has been prepared in compliance with the provisions of the California Environmental Quality Act of 1970, as amended, and Resolution #118-04.

PROJECT TITLE:

Application for Use Permit by Nick Goyal

PROJECT DESCRIPTION AND LOCATION (APN):

Application for a Use Permit on a 29,982 square-foot site to allow construction of a carwash facility and a small retail store at an existing gas station.

WHERE TO VIEW THIS DOCUMENT:

The Mitigated Negative Declaration, its supporting documentation and details relating to the project are on file and available for review and comment in the Office of the Secretary of the Planning Commission, City Hall, 456 West Olive Avenue, Sunnyvale.

This Mitigated Negative Declaration may be protested in writing by any person prior to 5:00 p.m. on **Tuesday, November 16, 2004**. Protest shall be filed in the Department of Community Development, 456 W. Olive Avenue, Sunnyvale and shall include a written statement specifying anticipated environmental effects which may be significant. A protest of a Mitigated Negative Declaration will be considered by the adopting authority, whose action on the protest may be appealed.

HEARING INFORMATION:

A public hearing on the project is scheduled for:

Monday, November 22, 2004 at 8:00 p.m. in the Council Chambers, City Hall, 456 West Olive Avenue, Sunnyvale. And

TOXIC SITE INFORMATION:

(No) listed toxic sites are present at the project location.

Circulated On October 27, 2004

Signed: 
Gerri Garuso, Principal Planner

MITIGATED NEGATIVE DECLARATION

This Mitigated Negative Declaration has been prepared in compliance with the provisions of the California Environmental Quality Act of 1970, as amended, and Resolution #118-04.

PROJECT TITLE:

Application for a Use Permit filed by Nick Goyal.

PROJECT DESCRIPTION AND LOCATION (APN):

Application for a Use Permit on a 29,982 square-foot site to allow construction of a car wash facility and a small retail store at an existing gas station. The property is located at 296 North Fair Oaks Avenue in an M-S (Industrial and Service) Zoning District. (APN: 205-31-006)

FINDINGS:

The Director of Community Development of the City of Sunnyvale, California, hereby determines that an environmental impact report is not required. There are sufficient environmental controls incorporated into the zoning regulations to ensure no significant detrimental effect.

The above determination is based upon the initial study conducted in this matter, information provided by the applicant in an "Application for Environmental Finding" that is in keeping with the General Plan and the Zoning Ordinance. The use is specifically permitted by a Use Permit, in keeping with character of the Zoning District; site and architectural control by Planning Commission and no endangered species are known to depend on this site for habitat.

Mitigation Measures:

- a) Hours of operation for the car wash shall be 7:00 a.m. to 10:00.
- b) A "Thrust-Pro" dryer with a Noise Reduction Package (NRP) should be used.

This Mitigated Negative Declaration may be protested in writing by any person prior to **5:00 p.m. on Tuesday, November 16, 2004**. Such protest shall be filed in the Department of Community Development, 456 W. Olive Avenue, Sunnyvale and shall include a written statement specifying anticipated environmental effects which may be significant. A protest of a Mitigated Negative Declaration will be considered by the adopting authority, whose action on the protest may be appealed.

De Minimis Impact Finding

E12025

PROJECT TITLE/LOCATION (INCLUDE COUNTY):

The application for a Use Permit is located at 296 North Fair Oaks Avenue, City of Sunnyvale, County of Santa Clara in an M-S (Industrial and Service) Zoning District. APN: 205-31-006)

PROJECT DESCRIPTION:

Application for a Use Permit to allow construction of a car wash facility and a small retail store at an existing gas station.

FINDINGS OF EXEMPTION:

1. This project is in an urban setting.
2. There is no alteration of land or effect on fish or wildlife.

CERTIFICATION:

I hereby certify that the public agency has made the above finding and that the project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the Fish and Game Code.

Project Address: 296 N. Fair Oaks Avenue
Applicant: Nick Goyal

ET2025

1. Project Title: Use Permit for 296 N. Fair Oaks Avenue
2. Lead Agency Name and Address: City of Sunnyvale, Community Development Department,
Planning Division
3. Contact Person and Phone Number: Ryan M. Kuchenig, Assistant Planner (408) 730-7431
4. Project Location: 296 N. Fair Oaks Avenue, Sunnyvale CA 94087
5. Project Sponsor's Name and Address: Nick Goyal
28456 Century Street
Hayward, CA 94545
6. General Plan Designation: Industrial and Service
7. Zoning: MS (Industrial and Service)
8. Description of the Project: (Describe the whole action involved, including but not limited to later phases of the project, and any secondary, support, or off-site features necessary for its implementation. (Attach additional sheets if necessary)

2004-0611 – The applicant proposes a Use Permit to allow a new car wash facility and 810 square foot gift shop on an existing gas station site. The applicant will be required to obtain a building permit subsequent to planning approval of the project
9. Surrounding Land Uses and Setting: (Briefly describe the project's surroundings) The site currently consists of a gas station and cashier building. Surrounding uses include a self storage building to the east and south. Directly to the north across El Camino Real, lies a fast food restaurant. Single family homes are located south of the site. Various auto repair related businesses are located to the west. A small retail center is located at the opposite corner at the northwest intersection of Fair Oaks Avenue and Arques Avenue.
10. Other public agencies whose approval is required (e.g. permits, financing approval, or participation agreement), Building Safety Division

ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED:

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact" as indicated by the checklist on the following pages.

<input type="checkbox"/> Aesthetics	<input type="checkbox"/> Hazards & Hazardous Materials	<input type="checkbox"/> Public Services
<input type="checkbox"/> Agricultural Resources	<input type="checkbox"/> Hydrology/Water Quality	<input type="checkbox"/> Recreation
<input type="checkbox"/> Air Quality	<input type="checkbox"/> Land Use/Planning	<input type="checkbox"/> Transportation/Traffic
<input type="checkbox"/> Biological Resources	<input type="checkbox"/> Mineral Resources	<input type="checkbox"/> Utilities/Service Systems
<input type="checkbox"/> Cultural Resources	<input type="checkbox"/> Noise	<input type="checkbox"/> Mandatory Findings of Significance
<input type="checkbox"/> Geology/Soils	<input type="checkbox"/> Population/Housing	

DETERMINATION: (To be completed by the Lead Agency)

On the basis of this initial evaluation:

I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared. ☐

I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared. ☒

I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required. ☐

I find that the proposed project MAY have a "potential significant impact" or "potentially significant unless mitigated" impact on the environment, but at least one effect (1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and (2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed. ☐

I find that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed in an earlier EIR or NEGATIVE DECLARATION pursuant to applicable standards and (b) have been avoided or mitigated pursuant to that earlier EIR or NEGATIVE DECLARATION, including revisions or mitigation measures that are imposed upon the proposed project, nothing further is required. ☐

E12025

EVALUATION OF ENVIRONMENTAL IMPACTS

- 1) A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g. the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g. the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
- 2) All answers must take account of the whole action involved, including off-site as well as on-site, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.
- 3) Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. "Potentially Significant Impact" is appropriate if there is substantial evidence that an effect may be significant. If there are one or more "Potentially Significant Impact" entries when the determination is made, an EIR is required.
- 4) "Negative Declaration: Potentially Significant Unless Mitigation Incorporated" applies where the incorporation of mitigation measures has reduced an effect from "Potentially Significant Impact" to a "Less Significant Impact." The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level (mitigation measures from Section 17, "Earlier Analysis," may be cross-referenced).
- 5) Earlier analysis may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063 (c) (3) (d). In this case, a brief discussion should identify the following:
 - a. Earlier Analysis Used. Identify and state where they are available for review.
 - b. Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.
 - c. Mitigation Measures. For effects that are "Less than Significant with Mitigation Measures Incorporated," describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project
- 6) Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g. general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.
- 7) Supporting Information Sources: A source list should be attached, and other sources used or individuals contacted should be cited in the discussion.
- 8) This is only a suggested form, and lead agencies are free to use different formats; however, lead agencies should normally address the questions from this checklist that are relevant to a project's environmental effects in whatever format is selected.
- 9) The analysis of each issue should identify: (a) the significance criteria or threshold used to evaluate each question; and (b) the mitigation measure identified, if any, to reduce the impact to less than significance.

Planning Division Checklist (4 of 8)

I. AESTHETICS. Would the project:

- | | | | | | |
|---|---|---|---|---|------------|
| a. Have a substantial adverse effect on a scenic vista? | 0 | 0 | 0 | X | 2, 94 |
| b. Substantially damage scenic resources, including, but not limited to trees, rock outcroppings, and historic buildings within a state scenic highway? | 0 | 0 | 0 | X | 2, 94 |
| c. Substantially degrade the existing visual character or quality of the site and its surroundings? | 0 | 0 | 0 | X | 2, 94, 101 |
| d. Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area? | 0 | 0 | 0 | X | 2, 94 |

II. AIR QUALITY: Where available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:

- | | | | | | |
|---|---|---|---|---|---------------------|
| a. Conflict with or obstruct implementation of the applicable air quality plan? | 0 | 0 | 0 | X | 3, 97, 100, 111 |
| b. Violate any air quality standard or contribute substantially to an existing or projected air quality violation. | 0 | 0 | 0 | X | 3, 97, 100, 111 |
| c. Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)? | 0 | 0 | 0 | X | 3, 96, 97, 100, 111 |
| d. Expose sensitive receptors to substantial pollutant concentrations? | 0 | 0 | 0 | X | 62, 63, 111, 112 |
| e. Create objectionable odors affecting a substantial number of people? | 0 | 0 | 0 | X | 111, 112 |

Planning Division Checklist (5 of 8)

III. BIOLOGICAL RESOURCES:

- | | | | | | | |
|----|--|---|---|---|---|----------------------|
| a. | Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U. S. Fish and Wildlife Service? | θ | θ | θ | X | 2, 94, 109, 111, 112 |
| b. | Have a substantially adverse impact on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the California Department of Fish and Game or U.S Wildlife Service? | θ | θ | θ | X | 2, 94, 109, 111, 112 |
| c. | Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means? | θ | θ | θ | X | 2, 94, 109, 111, 112 |
| d. | Interfere substantially with the movement of any resident or migratory fish or wildlife species or with established native resident migratory wildlife corridors, or impede the use of native wildlife nursery sites? | θ | θ | θ | X | 2, 94, 109, 111, 112 |
| e. | Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance? | θ | θ | θ | X | 41, 94, 111, 112 |
| f. | Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Conservation Community Plan, other approved local, regional, or state habitat conservation plan? | θ | θ | θ | X | 2, 41, 94, 111, 112 |

IV. CULTURAL RESOURCES. Would the project:

- | | | | | | | |
|----|--|---|---|---|---|-------------------------|
| a. | Cause a substantial adverse change in the significance of a historical resource as defined in Section 15064.5? | θ | θ | θ | X | 10, 42, 60, 61, 94, 111 |
| b. | Cause a substantial adverse change in the significance of an archaeological resources pursuant to Section 15064.5? | θ | θ | θ | X | 10, 42, 94 |

Traffic Division Public Works Department Checklist (1 of 1)

XIII. TRANSPORTATION/TRAFFIC. Would the project:

a) Cause an increase in the traffic which is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in either the number of vehicle trips, the volume to capacity ratio on roads, or congestion at intersections)?	0	0	0	X	2, 12, 71, 75-77, 111, 112
b) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	0	0	0	X	2, 12, 71, 75-77, 111, 112
c) Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	0	0	0	X	2, 111-113
d) Substantially increase hazards to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment)?	0	0	0	X	2, 12, 71, 75-77, 80, 84, 111, 112
e) Result in inadequate emergency access?	0	0	0	X	2, 111, 112
f) Result in inadequate parking capacity?	0	0	0	X	2, 37, 111, 112
g) Conflict with adopted policies or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	0	0	0	X	2, 12, 81, 111, 112

Fire Division Public Safety Department Checklist (1 of 2)**XIV. HAZARDS AND HAZARDOUS MATERIALS.** Would the project?

a) Create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials?	0	0	0	X	UFC/ UBC/ SVMC
b) Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the likely release of hazardous materials into the environment?	0	0	0	X	UFC/ UBC/ SVMC /
c) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	0	0	0	X	UFC/ UBC/ SVMC
d) Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result would it create a significant hazard to the public or the environment?	0	0	0	X	UFC/ UBC/ SVMC
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?	0	0	0	X	UFC/ UBC/ SVMC
f) For a project within the vicinity of a private airstrip, would the project result in a safety hazard for people residing or working in the project area?	0	0	0	X	UFC/ UBC/ SVMC
g) Impair implementation of, or physically interfere with an adopted emergency response plan or emergency evacuation plan?	0	0	0	X	UFC/ UBC/ SVMC
h) Expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	0	0	0	X	UFC/ UBC/ SVMC

Environmental Division Public Works Department Checklist (1 of 1)**HYDROLOGY AND WATER QUALITY.** Would the project:

- | | | | | | |
|---|---|---|---|---|-------------------------|
| a) Violate any water quality standards or waste discharge requirements? | 0 | 0 | 0 | X | 2, 24, 25, 111, 112 |
| b) Substantially degrade groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)? | 0 | 0 | 0 | X | 2, 24, 25, 111, 112 |
| c) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner which would result in substantial erosion or siltation on- or off-site? | 0 | 0 | 0 | X | 2, 24, 111, 112 |
| d) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or surface runoff in a manner which would result in flooding on- or off site? | 0 | 0 | 0 | X | 2, 24, 25, 111, 112 |
| e) Create or contribute runoff which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff? | 0 | 0 | 0 | X | 2, 24, 25, 111, 112 |
| f) Otherwise substantially degrade water quality? | 0 | 0 | 0 | X | 2, 24, 25, 111, 112 |
| g) Place housing within a 100-year floodplain, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map? | 0 | 0 | 0 | X | 2, 12, 19, 24, 111, 112 |
| h) Place within a 100-year flood hazard area structures which would impede or redirect flood flows? | 0 | 0 | X | 0 | 2, 19, 24, 111, 112 |
| i) Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam? | 0 | 0 | 0 | X | 2, 19, 24, 25, 111, 112 |

---	---	---	---	---	----------------------------------

Completed By: Ryan M. Kuchenig, Assistant Planner Date: October 25, 2004

DISCUSSION OF IMPACTS THAT ARE LESS THAN SIGNIFICANT WITH MITIGATION INCORPORATED

NOISE (a) The Noise Sub-Element of the City of Sunnyvale General Plan (March 1997) contains noise policies and noise and land use compatibility guidelines uses to assess the project. The Sunnyvale Municipal Code, Section 19.24.020(b) states:

Operational noise shall not exceed seventy-five dBA at any point on the property line of the premises upon which the noise or sound is generated or produced; provided, however, that the noise or sound level shall not exceed fifty dBA during nighttime or sixty dBA during daytime hours at any point on adjacent residentially zoned property.

The Municipal Code defines daytime as the period from 7am to 10pm daily, and nighttime as the period between 10pm and 7am daily. The guidelines for noise indicated in the Noise Sub-Element of the General Plan for the City of Sunnyvale are identical to the limits specified in the Municipal Code.

Based on the requirements, the noise limit at the industrial zoned property to the east and south is 75 dBA and the noise limit at the residential property line located across Arques Avenue to the north is 60 dBA during daytime hours.

The project applicant provided a noise study for the project that was prepared by Colia Acoustical Consultants. The noise study was prepared on October 4, 2004

Acoustical Mitigation Measures

1. In addition to complying with applicable City Codes, Ordinances and Resolutions, the following mitigation measures are incorporated into the project to minimize the identified potential environmental impacts.

Hour of Operation

- a) What and where: Hours of operation for the car wash facility shall be 7:00 a.m. to 10:00 p.m.
When: During hour of operation for carwash
Who: The City will require this measure as a condition of approval for the Use Permit and
Will verify through Code Enforcement.

Manufacture of Blower Equipment

Project #: 2004-0611 UP
Project Address: 296 North Fair Oaks Avenue, Sunnyvale, California
Applicant: Nick Goyal

E12025

- b) What and where: The car wash blower manufacturer shall be the Thrust-Pro dryer with a Reduction Package (NRP)
How: Indicate the location and manufacture type of blower equipment on the building permit plans. Provide manufacture cut-sheet detailing how the equipment complies with these requirements.
When: Prior to building permit final
Who: The City will require this to be indicated on the building permit plans prior to issuance and will verify installation.

DISCUSSION OF IMPACTS THAT ARE LESS THAN SIGNIFICANT

NOISE d) Although, the site is already developed, the project will introduce short-term and temporary additional sources of noise to the project area during construction. Through the City's implementation of the Municipal Code noise regulations, this impact will be lessened to a less than significant level during construction.

UTILITY AND SERVICE SYSTEMS c) The proposed project includes stormwater run-off treatment Best Management Practices, as now required by the Santa Clara Valley Urban Runoff Pollution Prevention Program.

GEOLOGY AND SOILS (ii) and (iii) The project site is not located in an area with any active faults, but may experience strong seismic ground shaking in the event of an earthquake. Through the City's implementation of the Uniform Building Code requirements for area's with potential for seismic activity this aspect of the project will be reduced to a less than significant level.
